Language Test Requirement and Any Exceptions

**English Language Proficiency Requirements for Academic Study**

Applicants are required to meet minimum English language proficiency requirements for direct entry into academic programs. Link to TRU English Language Requirements: [www.tru.ca/admissions/international/admission-requirements.html](http://www.tru.ca/admissions/international/admission-requirements.html)

Students may meet this condition by either providing an acceptable English language proficiency test score (TOEFL, IELTS, etc.) or by achieving an acceptable score on the TRU English Placement Test (EPT). If students do not provide a test score in advance, they will be tested on arrival and their course placement decisions will be made at that time. Recommended to complete acceptable tests prior to arrival to improve course selection options, however this is not mandatory.

**Please note TRU is currently only able to offer exchange for incoming students wishing to study at the undergraduate level. If a student is required to complete the English Placement Test (EPT) on arrival, students will not be registered into academic classes until after the English Assessment.**

There are a number of programs at TRU which have English as a pre-requisite such as: Education, Tourism, Social Work, and Nursing.

In order to verify all English language proficiency test scores, students must have an official copy sent directly to TRU Study Abroad from their Host School. Copies of test scores will then be submitted to our International Admissions office.

**English Language Proficiency Requirements**

TRU Placement	TOEFL iBT	TOEFL paper-based	IELTS	MELAB	CanTEST	CAEL
Direct entry to academic programs	88+ with no section below 20	570+ TWE 4.5+	6.5+ with no bands below 6.0	81+	4.5+ with no component score below 4.0	Overall 70+ No subtest below 60
Direct entry into Level 5 ESL	80+	550-569 TWE 4.0+	6.0+ with no band below 5.5	77+	4.0+ with no component score below 4.0	Overall 60+ No subtest below 50
Direct entry into Level 4 ESL	71+	530-549	5.5+ with no band below 5.0	74+	4.0+ with no component score below 3.5	Overall 50+ No subtest below 40
Direct entry into Level 3 ESL	61+	500-529	5.0+	69+	3.5+	Overall 40+

A student must meet or exceed the required level on all aspects to be at any specific level (for example, for the TOEFL, direct entry students must have an overall score of 88+ and all sections at least 20). When sub-scores are used, a good mark in one area will not compensate for a poor mark in another. We recommend that students who do not meet the requirements for direct entry write the TRU placement test to determine their appropriate placement in ESAL.

**Japanese English Language Proficiency Test — STEP** -TRU will consider the STEP First Grade for direct entry into academic programs. We will also consider STEP Pre-First Grade Level as equivalent to TOEFL 500+ for placement purposes.

**Common European Framework of Reference for Languages** -TRU will consider the CEF C1 and C2 for direct entry into academic programs. We will also consider CEF B2 and B2+ as equivalent to the IELTS 5.0+ for placement purposes.

**Cambridge ESOL** TRU will consider the [CAE](#) (Certificate in Advanced English) and [CPE](#) (Certificate of Proficiency in English) for direct entry into academic programs. The FCE (First Certificate in English) will be considered at the IELTS 5.0+ for placement purposes.

**Germany** - English requirements for academic study may be waived if a student from Germany has a minimum mark of 12 (gut) in English when taken as an achievement/main/intensive course.

Academic requirements - Admission requirements vary, but all TRU programs require secondary school completion for academic admission.

**Minimum age of study at TRU - Students must be at least 17 years old.**

*English Language Pre-requisites are in place for courses within: Tourism, Education, Social Work, and Nursing.*

**Important Message:**

*English Language Proficiency Requirements are based on the identified tests.*

*If a student has taken English language classes at the home institution, it is important these courses be identified on the student's official transcript.*
