Module: Project management

Stream: TEAM LEADERSHIP

Module overview:
Gain an overview of the key aspects of project management. Be equipped with some of the basic tools and strategies to manage projects effectively. Visualise your goals and what you or your team want to achieve and then plan how to achieve it.

This module will help you:
• Explore key aspects of the project management process
• Understand some of the key processes and tools for managing projects.

A little about the content:
Much of the work we undertake at university or in the workplace can be seen as a project. Understanding the key concepts and processes will help us manage these projects more effectively and to reach the desired outcomes. We explore a range of tools and strategies that can be applied to small and large-scale projects. We examine the various phases of projects and what is needed at each stage to ensure success and what are some of the key pitfalls we need to avoid.

Study mode options:
We know that you are busy, so we have a number of options for you to choose from:
• You can attend the two hour face to face workshop on campus
• You can participate in the streamed workshop online in real time
• You can complete the online module which includes opportunities for you to discuss your ideas with other online participants.

Curtin Extra:
The Curtin Extra Certificate provides you with official recognition and evidence of significant involvement in co-curricular programs that contribute to university life and to your personal and professional development. You can gain recognition of your involvement in the Curtin Leadership Centre programs by registering and completing the Self Leadership stream or Team Leadership stream modules as well as participating in an approved practical leadership opportunity (minimum 10 hours of volunteering).

Disclaimer:
Curtin University reserves the right to alter the composition of any co-curricular course or program to ensure learning outcomes retain maximum relevance.
