Tax Returns

- If you have worked in Australia lodge an **Income Tax Return** before you leave Australia.
- If your course duration was *longer than 6 months* = treated as Australian for tax purposes.
- Require a ‘**Final Payment Summary**’ from employer. Usually at the end of the Financial (30th June).
- Allowed to lodge early if leaving Australia before 30th June.
- Refund paid into Australian bank account.
Do you need to lodge?

The tax-free threshold has increased from $6,000 to $18,200. This means that if you earned less than $18,200 in a financial year, you may not need to pay income tax. If you earned more than $18,200, you may only need to pay income tax on your earnings over $18,200.

If you are working or have earned an income during the year, you may be required to lodge an income tax return. If you’re not sure if you have to pay tax this year the ATO’s ‘Do I need to lodge a tax return?’ tool can help you work it out. You can find the tool at www.ato.gov.au/doineedtolodge.

If you are lodging through an agent it’s important to make sure they are registered, which you can check at www.tpb.gov.au/onlineRegister.
Electronic Tax Returns

- Follow the prompts for ‘eTax on-line tax return’
Hard Copy Tax Return

- ‘TaxPack’ – hard copy of Tax Return form

- Obtain your final ‘Payment Summary’ from each of your employers and details of other income you have earned in Australia.
Tax Help

The Curtin Student Guild - Student Assist offer **free Tax Help Service** to all Curtin students.

Volunteers, fully trained and accredited through the ATO Tax Help initiative are available.

Close Bank Accounts

- Close your bank account before you leave to avoid bank fees and charges.
- Visit the local branch - discuss options to withdraw your funds.
- Cancel automatic deductions to avoid being charged a ‘dishonour fee’
- If you decide to keep the account open, fees charged may increase as you are no longer a student.
- If the account is dormant for 6-12 months, it may be closed automatically.
- NB: Advise the bank of new contact details. Change of address to your home country.
Superannuation- DASP

- Superannuation (Super) is paid by your employer into a ‘super fund’ on your behalf.
- As temporary residents, international students are eligible to access their superannuation once they permanently depart from Australia.
- Complete a ‘Request for Departing Australia Superannuation Payment (DASP) temporary resident’ online applications:
Departing Australia superannuation payment online help – frequently asked questions

This provides answers to the following frequently asked questions:

- Can temporary residents who leave Australia access their super?
- Is this initiative only available to temporary residents who leave Australia?
- Can New Zealand citizens who permanently leave Australia access their super under the DASP provisions?
- How do I apply?
- What if I don’t know how much I have in my super fund?
- What can I do if I don’t know who holds my super?
- What can I do if I don’t know the Australian business number (ABN) of my super fund?
- Do all super funds have to pay out benefits under this initiative?
- How soon after I submit my application with the super fund will I receive my benefits?
- How soon after I submit my application to the ATO will I receive my benefits?
- How will my payment be taxed?
- Can I leave my super in Australia?
- Do I need to include the payment in my tax return for the year?
- Where can I get more information?

Apply for departing Australia superannuation payment and/or payment of unclaimed superannuation money: how to apply

This system will enable you to apply for departing Australia superannuation payment (DASP) and/or payment of unclaimed superannuation money online. Please take some time to read through this section so you know what information you will need to provide for your superannuation benefits using this system.

What you will be asked to provide

To help us confirm your identity and eligibility to process your application, you will need to provide the following information:

- Your surname, date of birth and other personal details.
- Your current address.
- Your passport number.
- Your Australian Taxation File Number (ATFN) or Australian Business Number (ABN).

The application process

It will take approximately 36 minutes to complete the applications online.

Confirm identity and eligibility

You will be asked to provide personal details such as your name, date of birth, tax file number (TFN) and passport details. This information, (except your TFN), will be passed to the Australian Department of Immigration and Citizenship (DIP) to establish whether or not you are eligible for a departing Australia superannuation payment (DASP) and/or payment of unclaimed superannuation money. Confirmation of your eligibility may take a few seconds. If you are eligible you can then complete your application.

If you are applying for a DASP, you may only apply if you are a permanent resident of Australia and your visa is to be renewed. If you are in Australia, or your visa is still active, you may apply for an application, but cannot be forwarded to your superannuation provider(s).

Make sure you enter the same personal details each time you access the system.

Secret password

To protect your information, when you first enter the system you will be asked to create a password to validate your application and preventing your access. This system will encrypt and securely store this information. If you need to return to view or update your application or enter a new application, you will need to enter your password. If you lose or misplace your password, you will not be able to proceed unless you supply the correct answer.

System searches for your superannuation

If the Australian Department of Immigration and Citizenship (DIP) confirms you are eligible to apply for a departing Australia superannuation payment (DASP) and/or payment of unclaimed superannuation money, the system will search the ATOS system to identify the superannuation benefits you may be entitled to. This search will determine whether you are eligible for a DASP and/or payment of unclaimed superannuation money. If it is found, the system will create an application for each fund and/or application for payment of unclaimed superannuation money. If not found, the system will inform you that you are not eligible for a DASP and/or payment of unclaimed superannuation money.

Add your contact and other personal details

You will need to provide your current contact details including your email and postal address. Your superannuation provider and/or the ATOS will then use this address where you provide it.

Add your superannuation details

If the ATOS has any records of your superannuation, the system will automatically present an application for each superannuation account. If found during the search, you may then apply for any additional information as required, for example, other superannuation accounts to the ATOS as an automatic superannuation money. If it is found, the system will create an application for each fund and/or application for payment of unclaimed superannuation money.

If you have not departed Australia or your visa is active
