WELCOME TO THE FACULTY OF HEALTH SCIENCES
Orientation Week 2017

Today

• Overview of our Faculty
• Introduce key people
• Remind you why you are here
• Explain our unique first year structure
• Prepare you for University
• Inspire you to make the most of our services and offerings
Wellbeing at University Survey

Curtin University is part of a worldwide WHO study about how students adapt to university and their mental health

Check out our Facebook page (www.facebook.com/CurtinWBS), and become an integral part of a new exciting project that has lots to offer throughout your academic career:

- Mental health information
- Feedback report
- Make a difference – for every 1,000 participants we will donate $100 to a charity and your vote will determine how the funds are distributed
- Enter a draw for movie passes

1st year students don’t miss this great opportunity!
We acknowledge the Traditional Owners of this Land, the Nyungar people of the Wadjuk Nation, and pay our respects to the Elders of their community.

Welcome
Welcome to Curtin University

Professor Deborah Terry
Vice Chancellor & President
Curtin University

Professor Michael Berndt
Pro Vice Chancellor
Faculty of Health Sciences
Orientation Week 2017

Professor Lorna Rosenwax
Deputy Pro Vice Chancellor
Congratulations on choosing Health Sciences

• Good job prospects with good pay
• Lots of flexibility
• Rewarding jobs that allow you to make a difference
Congratulations on choosing Health Sciences at Curtin

- Excellent academic staff with national teaching awards
- Clinical leaders in their professions
- Internationally recognised researchers
- Teaching informed by our research
Health Sciences at Curtin

We educate more health professionals than any other tertiary institute in the state

• Diverse range of accredited courses
• Strong industry links
• Established clinical placements and fieldwork partners
• Go Global Placements

• Ji Ji Project in the Pilbara

Cambodia
China
India
Vietnam
Placements available for students from

- Master of Dietetics
- Master of Sports Physiotherapy
- Physiotherapy
- Exercise, Sports and Rehabilitation Science

All students have access to Fremantle’s resources and state of the art facilities.
New Facilities

New transformational learning facilities

- Building 305 – Biomedical Sciences Precinct
- Building 400- 21st Century teaching spaces
- Building 405 – State of the Art Simulation Suite
- Building 410 - Curtin Medical School
**Apps and sites to help you**

**LOST ON CAMPUS**

**elsie**

Better manage your learning/life balance through organisation of classes, assessment deadlines and personal events in your planner.

Easily access everything you need to know about your enrolled units, including your unit outline, pass requirements and teaching staff contacts.

Introducing Dr Penny Moss
Director of the Inter-Professional First Year

What is the IPFY?

Why is it important?

Which units should I enroll in?
The 21st century world of work is Inter-Professional

Why is IPE important?
Inter-Professional Education

Improves outcomes through trust, respect & collaboration

Health Sciences at Curtin

Inter-professional First Year (IPFY)

What?

Inter-Professional First Year units

- Human Structure & Function
  - The fundamentals of all body systems
  - How the body is structured and how it functions
- Evidence Informed Health Practice
- Foundations for Professional Health Practice
- Indigenous Cultures & Health Behaviours
  - Knowledge/understanding
  - How health behaviour is developed
  - How health practices have influenced Indigenous Australians
  - Understanding of your own attitudes & beliefs
  - Development of respect for the ability to work with cultures other than your own

Core units

Shared units

- Introduction to Psychology
- Improving Health in Social & Cultural Contexts
- Interpersonal Communication Skills in Health

Applied Anatomy

Medical Anatomy

Integrated Systems: Anatomy and Physiology

Foundations of Medical Science

Anatomy of Pathophysiology* [IBMT]

Health Sciences at Curtin

Inter-professional First Year (IPFY)

Why?

Learn info and skills (including things you didn’t even know you needed to know!) that will form the basis to your degree

Learn how to listen to, respect, trust & solve problems with others you may not have much in common with.

Developing team skills with people who think differently to you.
How to succeed ..... 

• Work in a team in and out of class (Uni-PASS) 
• Make use of all online resources, including lectures & quizzes 
• Attend tutorials – they are essential for your learning (or we wouldn’t bother with them!) 
• Maximise what you get out of your classes: participate, engage with tutors, make friends outside your degree course (be radical!) 
• Complete prep study tasks before you come to class 
• Bother to do your follow-up study (you will be given advice)
Inter-Professional First Year support team

Please come & say “Hi”

A tiny piece of advice....

Get organised
Keep up to date
Seek and use feedback
Have the time and energy to make the most of opportunities
Ask for help
So much help out there!

• Your Course Co-ordinators in your School
• Student Services Office (Level 2 in 407)
• Your mentors
• Student Well Being Advisors 1800 244 043
• Student Guild Bldg 106
• Counselling Bldg 109; 9266 7850
• Health Service Bldg 109; 9266 7345
• Careers Centre Bldg 303
Orientation doesn’t end at O-Week! Have a question or feeling lost, ask us! Visit the Connect Four Pop up space hosted by Student Wellbeing

11 – 2 Wednesdays week one to week four
1 March: Fine tune your study skills - Henderson Court Upper Pines
8 March: Time Management - Outside 403
15 March: Atkinson Forum – Chips and Chats
22 March: UniPASSTA – Food For Your Brain - Building 103 outside Co-op Book shop
And- get involved in campus life
Check Out...

• Curtin Guild
• Curtin Leadership Centre
• Earn While You Learn (maybe get a job on campus)

CURTIN
STUDENT
GUILD

Dylan Heywood
Health Sciences Representative
Get To Know Your Guild

• We are the student organisation responsible for most of the cool stuff on campus, as well as representing your interests to the university on various committees
• We run events on campus, including regular Tav events
• We run BBQs & free breakfasts all through semester on various days
• We provide student assist officers who offer welfare, support & advocacy
• We provide a discount at all of our cafés and outlets
• Each year we have elections that anybody can participate in, and a new council is voted in (so if you want my job next year you can run for it)
• AND THE BEST PART IS
MEMBERSHIP IS FREE!
Who Am I?

• I’m Dylan Heywood, 5th year Psych student and your Health Science Faculty representative at the Guild
• My job is to:
  • Represent students on the Health Science faculty meetings
  • Respond to student concerns and queries
  • Facilitate activities to engage HS students
  • Be your voice on campus
• Contact me:
  • E-mail: health@guild.curtin.edu.au
  • Or come and see me!
Our Equity Departments

• Postgraduate Students Committee
• Women’s Department
• Students with Disabilities Department
• Indigenous Department
• Queer Department
• International Student Committee
• Mature, Rural, Online and other students covered by the Education VP
Student Assist are the welfare, support, and advocacy service of the Curtin Student Guild

- Academic Misconduct
- Bookshop Grants
- Career & Resume Assistance
- Tenancy Advice
- Appeals of Grades

- Appealing Termination
- Legal Assistance
- Tax Help
- Childcare Grants
• Clubs are your gateway to the social side of uni
• A great way
  • network
  • meet new people
  • get involved with awesome events
• We have academic, special interest, religious, social, and international clubs
What’s Coming Up?

• O-Day is tomorrow! It’s the best place to sign up to clubs and get involved in student life. Heaps of freebies and goodies!
• Toga Party is on Friday (18+), the first and one of the biggest Tav events of the year. Get your Greek on.
• Season Sets - a new initiative, relaxed live music at lower Henderson Court with food and beverages available!
• Much more (check your diary)!
Here 4 U

- You can contact me at health@guild.curtin.edu.au
- Feel free to make an appointment if you’d like to discuss a concern in depth
- Come speak to me tomorrow at the Guild Education Stall @ O-Day!
Thanks!

Sign up for FREE Guild membership today and come to...

O-Day!

TOMORROW! 10am-4pm
CURTIN LEADERSHIP CENTRE

Some skills you can’t learn in class. Curtin Leadership Centre offers free leadership programs and real-world experience. Our programs are designed to help you learn valuable study skills, boost your employability and get you involved in your community.

Our programs include:
- Curtin Leaders Program
- John Curtin Leadership Academy
- Tailor Leadership Training

Contact us:
Tel: 9266 9276
Email: leadership@curtin.edu.au
Our office: Building 303/ Level 2

curtin.edu.au/curtinleadershipcentre
CURTIN LEADERS PROGRAM

Combine leadership skills modules with volunteering to learn valuable study skills, boost your employability and get involved in your community.

1. Complete five leadership skills modules
Join us in face-to-face workshops, live webcast via Blackboard or engage online at challenge.curtin.edu.au.

2. Participate in volunteering
Complete a minimum of 10 hours volunteering and apply your leadership skills to a real-world experience.

3. Reflect on your experience
Reflect on what you have learnt by completing an online survey.

= Curtin Extra Certificate

curtin.edu.au/curtinleadershipcentre
JOHN CURTIN LEADERSHIP ACADEMY

The John Curtin Leadership Academy program enhances the student experience and provides students with a range of opportunities including developing leadership skills, improving employment prospects and the rewarding satisfaction of giving back to the community.

Program includes:
1. Four-day leadership camp
2. Six leadership workshops
3. Team based community project with a not-for-profit organisation
4. Weekly commitment of approximately 5 to 7 hours
5. Graduation ceremony
STUDENT FEEDBACK

“I really enjoyed how interactive and interesting the modules were. There were also really good activities, quotes, and quality links and videos.”

“I feel as if I have become more aware and more proactive in my efforts of developing myself into a strong and confident leader.”

“Yes, it made me realise that leadership is part of everyone’s job and that by being self-aware it makes you a better leader.”

“I used to think that I couldn’t be a leader because I’m shy. Attending the leadership workshops gave me the chance to meet people I wouldn’t otherwise have met, which gave me more confidence.”
Showcase Health Sciences

A new program to reward students who assist us showcase our Faculty to the Community

• Open Day
• Clontarf Basketball tournament
• Visiting schools
• Off campus events like Perth Science Festival

Interested students should email co-ordinator at healthy@curtin.edu.au
What’s Involved

• Eligibility
  • Must have completed Y1 or equivalent of a HSc degree
  • Have a Working With Children Check
  • Interested students should email co-ordinator at healthy@curtin.edu.au

• Approved students receive
  • Emails re opportunities for participation
  • Information re requirements for receiving Curtin Extra Certificate

• Must attend pre event training
PERTH SCIENCE FESTIVAL – August 2016
A few facts about studying at Uni….

• Entry to your course does not guarantee graduation or employment
• This opportunity is **yours** to set yourself up for a rewarding and satisfying career
  o So don’t waste your time or your money

  ▪ And never be satisfied with just passing
Make sure you take one tablet a day, always with food - never on an empty stomach. And if you develop an itchy red rash you need to go back to your GP.

Sorry - I am not sure when you should take this. Or how many.

I only got 51% for my pharmacotherapy unit so I only know half the stuff I need to know.
Your heart beat is strong but a little irregular today, Mrs Green
I’ll be back soon to help you into the shower, please don’t get up before I return.

That’s really weird. Is your heart usually all over the place like this? I only got 53% for Cardio coz I lost my stethoscope and couldn’t study. I had to guess the answers. Lucky Eh!
Cool- I missed the class where they taught us how to manipulate the neck- but I think it’s something like this....
Orientation Week 2017

Enjoy the Journey
